Landlord Reconnection Options

Reconnection in Landlord’s Name (Account) by contacting Newport Utilities when reconnection is desired for a specific rental property. Landlord will be responsible for reconnection charges. Newport Utilities will bill the reconnection charges on the first bill following the reconnect.

Automatic Reconnection Landlord’s Name (Account) Newport Utilities will automatically reconnect a landlord’s rental property in landlord’s name (account) upon disconnection of service per tenant’s disconnection request. Newport Utilities will not charge reconnection charges in an auto-reconnect scenario. However, should a tenant’s service be disconnected due to non-payment, Newport Utilities will not automatically reconnect the service in the landlord’s name (account). It will be the landlord’s responsibility to notify Newport Utilities to reconnect in landlord’s name. In this scenario the landlord will be responsible for reconnection charges.
